

RANDOM HOUSE WEBSTER'S UNABRIDGED DICTIONARY

WordGenius

POWERFUL PRODUCTIVITY TOOL INSTANTLY ACCESSIBLE ON YOUR PC

Dictionaries are a proven and essential tool to assist us to develop our vocabulary, literacy and communication skills. Like most people you are doing more than 90% of your writing on a computer, and much of your reading as well. And whilst PCs have spell checkers they don't have dictionaries.

You could go to the Web, but that is a few clicks away and the Web is often too slow. So EIS invented the *WordGenius* to provide instant access to the meaning of words when you are reading and writing on your PC.

*Simply drag your word
over the above Drag-on icon
to get the definition instantly.*

Imagine, you could always have the complete, unabridged version of the Random House Webster's dictionary all ready available to you on your PC.

And imagine you could have this for substantially less than the cost of the bulky book version of the same Dictionary — 2,230 pages in total — just a mouse click away on your desktop.

Imagine no longer...

Random House and WordGenius are proud to introduce the **Random House Webster's Unabridged Dictionary WordGenius** - the ultimate reading and writing PC productivity tool, and ideal companion for the Microsoft Spell checker and Thesaurus, incorporating:

The Second Edition of the Random House Webster's Unabridged Dictionary

This productivity tool provides a uniquely useful, uniquely powerful, uniquely easy-to-use resource for all English writers and readers — whatever your age, skills, or discipline.

Your language is the difference to creating winning proposals, or achieving top grades in your assignments. We guarantee WordGenius will empower your letters, emails, assignments and PowerPoint presentations to achieve exceptional results.

Random House Webster's Unabridged Dictionary

With over fifty years of dictionary publishing behind it, Random House Webster's Unabridged Dictionary is the most definitive reference of the English language available.

This modern dictionary offers an exhaustive, traditional study of the language, while covering the latest, most important developments — ahead of any other dictionary. Including entries and definitions for current place names, reflecting recent political and geographical changes worldwide, and over 75,000 example phrases and sentences to show how words are used in context.

With more than 315,000 entries, 1,100 new important words and meanings including broadband, factoid, Bollywood and identity theft, plus 1,500 updated definitions and entries. Along with scholarly, up-to-date etymologies, including dates to show when terms entered the language, and showing clearly labeled Americanisms.

And now you can have it permanently and instantly available on the desktop of your notebook or PC, with all 2,230 pages compressed to less than 15 MB.

THE ULTIMATE PC READING AND WRITING PRODUCTIVITY TOOL

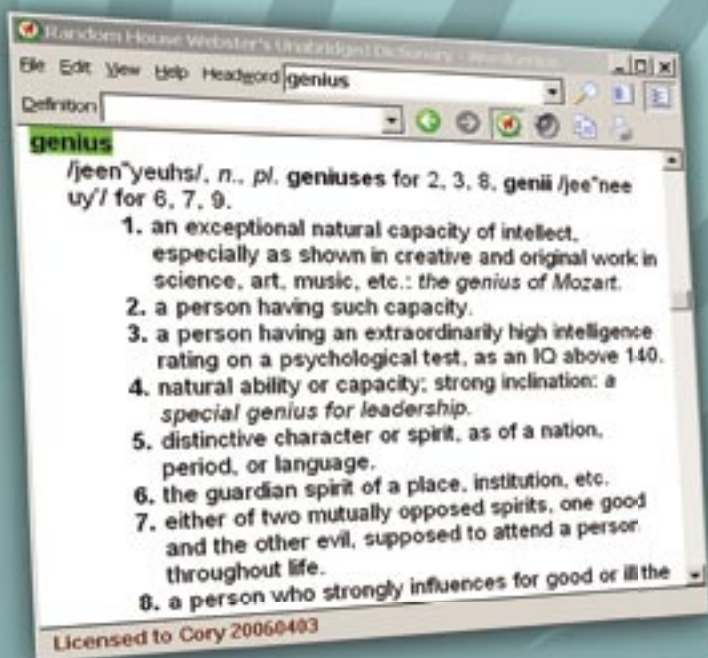

BRILLIANT ADDITIONAL FEATURES

The benefits of having this ultimate reading and writing tool on your computer are not confined to instant availability or its exceptional value – WordGenius is an extremely powerful productivity tool that will pay for itself the very first time you use it. The Random House Webster's Unabridged Dictionary WordGenius is also much easier and faster to use, and much more powerful than the book-bound equivalent, and it never wears out!

For example

- To find out the meaning of any word in any Windows application, including any word processor, email or internet browser that supports drag-n-drop, you simply select this word and drag it onto the small WordGenius Drag-on icon on your computer's desktop. The Random House Webster's Unabridged Dictionary definition(s) will instantly appear.
- If you do not know the correct spelling for a word, you can easily find the word you want by searching for the part of the word you do know and using an asterisk(s) (*) anywhere within the word. If you are stumped on a crossword, you can quickly find the word you want by entering the letters you already know, along with the right number of "gaps" using any number of question mark(s) (???) anywhere within the word.
- You can use the dictionary as a "reverse dictionary", simply by searching within the Definitions rather than the Headwords. All words, numbers and alphanumerics are indexed so you can analyze words and their meaning in every way imaginable, you can find all the words that have 'to be or not to be', '1929' or 'B2B' in their meaning. You can also do logical searching and find all the words that have 'cat & dog' in their meaning.
- If you want to concentrate on informal meanings or associated slang words, it's just a matter of searching the Definitions for 'informal' and all the informal words will be displayed.
- If you have impaired sight you can readily increase the size and style of the font by simply clicking on the View menu and making the appropriate selection. The content all wraps to any window size as the WordGenius is fully Microsoft Windows compatible.
- The dictionary definitions include a user-friendly, mouse-over written pronunciation guide, but if English is your second language you can also use the built-in audio pronunciation assistant that pronounces the words phoneme by phoneme as provided by the International Phonetic Alphabet.

All of this is instantly available because the Random House Webster's Unabridged Dictionary WordGenius is exhaustively indexed, always remains compressed and totally authentic, since its content is uniquely encoded and cannot be changed.

BRILLIANT COMPATIBILITY

The Random House Webster's Unabridged Dictionary WordGenius can be used with any version of Windows from Windows 95 through to Windows XP and works in conjunction with all Windows applications, including word processors, email, and internet browsers.
